

Automation API testing website:  
"CALIFORNIA MARKETING"  
(<https://qasvus.wixsite.com/ca-marketing>)

**(positive test)**

We are conducting API testing on the "CALIFORNIA MARKETING" website in the "user account, My addresses" section. Testing is performed using POST, GET, PATCH, DELETE requests with valid data, and at each stage, we verify data of existing users and the correctness of adding, editing, and deleting user information.

Expected result:

User information is correctly added, edited, and deleted.

Actual result:

User information is correctly added, edited, and deleted.

**(TEST PASS)**
