Automation API testing website:
"CALIFORNIA MARKETING"
(https://qasvus.wixsite.com/ca-marketing)

(negative test)

Conducting API testing on the "CALIFORNIA MARKETING" website in the "user account, My addresses" section. Testing is performed using POST and GET requests with invalid data. We check the website's reaction to entering invalid user data during registration.

Expected result:
Website errors appear and it's not possible to register with invalid data.

Actual result:
The website accepted all invalid data and registered the user.

(TEST FAIL)

Tools:
